Overview of companies activities

EuroPacific is a modern international logistics company with a tradition of organizing land, sea and air transports, using highly qualified staff.

Our competitive advantages are our well established co-op with the port of Koper Authorities, several Slovenian Rail transport operators as well as all reputable shipping agencies present in the region.

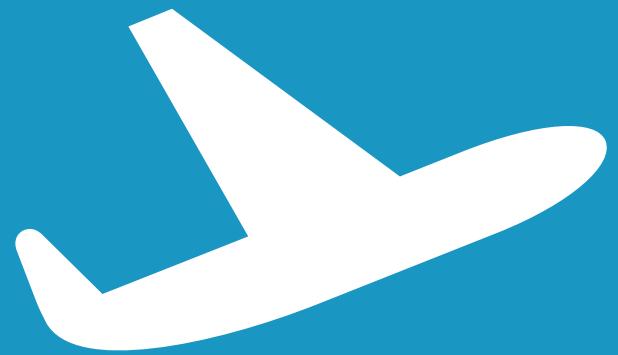

We follow our rules of being a flexible and reliable logistics company catering to the requirements of the modern shipping environment. We count to our accomplishments to have a well developed information system with clear guidelines in all possible situations in order to support our business of handling the complete logistics solution from shipper to consignee.

Predstavitev aktivnosti podjetja

EuroPacific je sodobno mednarodno logistično podjetje s tradicijo v organiziranju cestnega pomorskega in zračnega prevoza z visoko kvalificiranim osebjem.

Konkurenčne prednosti, ki jih premoremo, so priznana sodelovanja z Luko Koper in pooblastilo le-te, uspešni poslovni odnosi z nekaterimi slovenskimi železniškimi prevozniци in uglednimi pomorskimi agencijami s predstavništvi v Sloveniji.

Naša strategija je zanesljivo, fleksibilno in dinamično logistično podjetje, ki povezuje zainteresiranega z modernimi ladijskimi, železniškimi, cestnimi in letalskimi prevozniiki. Uporabljamo lasten obsežen informacijski sistem s čistimi smernicami v vseh možnih položajih po naročilu organizacije celotnega logističnega postopka in rešitve od pošiljatelja do prejemnika.

Air Transport

Air Transport

Europacific strives to become a global air freight player by coordinating airfreight globally through flights operated by leading airlines, since with the use of this service one can save time indispensable in the business world as well as save the hassle of securing several agreements with subcontractors that are standard procedure in other forms of transport.

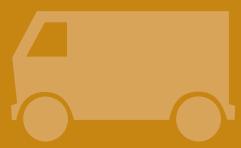

Any gaps in these networks are filled by our sea and land transport services.

Zračni prevoz

Podjetje EuroPacific stremi k temu, da bi postalo eno vodilnih akterjev v letalski logistiki v sodelovanju z velikimi mednarodno priznanimi letalskimi prevozniki, saj je s tovrstnim prevozom omogočena bistveno hitrejša dostava, ki poleg časa, neprecenljive vrednosti v poslovnom svetu, prihrani tudi številna dogovarjanja in organizacijske posle s posredniki, ki jih zahtevajo druge oblike prevoza. Pomanjkljivosti v letalski logistiki zapolnimo z organiziranim cestnim ali pomorskim prevozom.

Road Transport

Road Transport

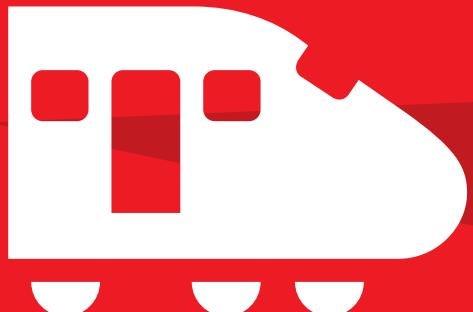

The speed and reliability of road transport are our underlying principles in organizing international road and combined transports. Our particular concern is given to safety in road traffic and ecology.

Our contracted carriers are carefully selected to comply with all quality standards of EuroPacific. Our widespread network of cooperating contractors enables us to organize the carriage of smaller consignments (express door-to-door delivery), containers, cars, non-standard and heavy weighted cargo requiring special means of conveyance.

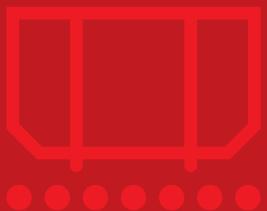

Cestni transport

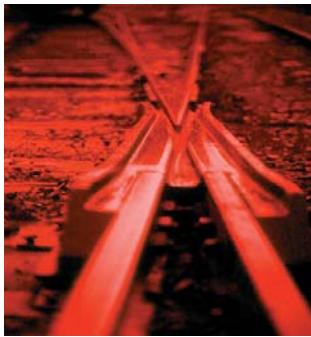

Hitrost in zanesljivost cestnega prometa predstavlja naš prioritetni princip v organiziranju celotnih ali delnih mednarodnih tovorov. Pri tem natančno upoštevamo varnost pri prevozu in ekološko neoporečnost.

Naši pogodbeni izvajalci prevozov so previdno izbrani in potrjeni z vsemi kakovostnimi standardi podjetja EuroPacific. Široko razširjeno omrežje pogodbenih kooperantov nam dopušča organizacijo prenosa manjših pošiljk (ekspresna pošta od vrat do vrat), zabojnikov, vozil, nestandardnih ali projektnih tovorov s posebnimi potrebami ravnanja.

Railway Transport

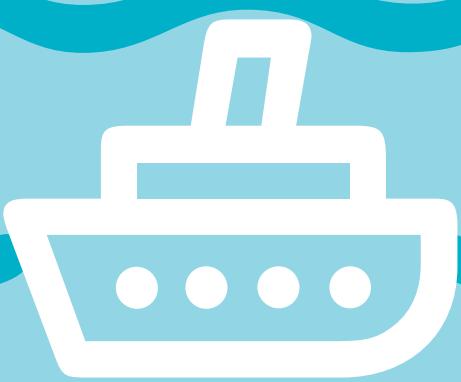

Railway Transport

EuroPacific organizes the transportation of goods by railway to all European and CIS countries / Community of Independent States, part of Asia and the Near East, rented railcars and containers. In addition to transports in import and export, we also arrange for carriage in transit, both inland and via ports. If the sender /consignee does not dispose of a siding rail, we arrange for collection/ delivery of goods by truck. We can also see to temporary storage and distribution of goods carried by railway.

Železniški transport

EuroPacific organizira prevoz blaga po železnici v vse evropske države, države CIS/Združenje neodvisnih držav, del Azije ter države bližnjega vzhoda, z najemom vagonov in zabojsnikov. Kot dodatek transporta v uvozu in izvozu uredimo tudi dostavo do prejemnikovih skladišč.

Seafreight

Conventional cargoes

We organize the transport of general, bulk, liquid and other cargoes in import, export and transit, by involving sea and land carriers all over the world.

Containers - FCL (Full container load)

We organize door-to-door containerized transports in export, import and transit via all ports worldwide. Providing other services through company rented storage facilities (handling, distribution, etc.)

Containers

Consolidated containers - LCL (Less than a container load)

We organize door-to-door containerized transports in export, import and transit via all ports worldwide.

Ladijski tovor

Organiziramo prevoz splošnih, projektnih, razsutih, tekočih in ostalih tovorov za uvoz, izvoz in tranzit, podprt s pomorskim cestnim in železniškim prometom po vsem svetu.

Kontejnerji - FCL (Polni kontejnerji)

Organiziramo kontejnerske prevoze od vrat do vrat za uvoz, izvoz in tranzit v vse svetovne pristanišča. Za podjetja uredimo tudi ostale storitve, kot so skladiščenje, raztovarjanje, natovarjanje idr.

Kontejnerji - LCL (zbirni kontejnerji)

Nudimo organizacijo prevozov od vrat do vrat za kontejnerske tovore za uvoz, izvoz in tranzit preko vseh svetovnih pristanišč.

Insurance

Europacific Ltd, as a integrated logistics solutions provider offers insurance of cargo from door-to-door. Your cargo insurance is handled at the same time as your other freight forwarding needs thus minimizing administrative costs. We have leverage towards insurance agencies which allows us to obtain attractive premiums from insurance agencies in Slovenia as well as abroad. Claims by owners of cargo are solved a lot faster, since with cargo insurance you do not have to prove liability of the carrier.

Zavarovanje

Podjetje Europacific d.o.o. celotni logistični posrednik nudi tudi zavarovanje tovora od skladišča do skladišča.

Vaše zavarovanje uredimo istočasno z drugimi špediterskimi storitvami, kar zmanjšuje Vaše administrativne stroške. Naša prednost v primerjavi z zavarovalnicami je pogajanje, ki omogoča pridobivanje atraktivnih premijskih pogojev najboljših zavarovalnic doma in v tujini. Odškodninski zahtevki imetnikov blaga se rešujejo veliko hitreje, saj pri tovornem zavarovanju ni potrebno dokazovati odgovornosti prevoznika.

Warehousing

Warehousing

As one of our more important logistics solutions we offer also warehousing. We supply you a warehouse capacity to meet your desired needs be it for food or non food products with requirements regarding special temperature regimes, dangerous cargo, technical equipment and all other cargo be it under bonded or custom cleared goods. When needed we also offer additional services such as commissioning, packaging, labelling, deviding or co-loading, destroying, shelving, and/or security checks of your cargo. All warehouses operated by Europacific have all necessary certificates and settled standards.

Skladiščenje

Pomembnejša logistična storitev je tudi skladiščenje. Za Vas pridobimo primerno skladišče za različne skupine blaga, kot so prehrambeni izdelki z zahtevanimi posebnimi temperaturnimi režimi, nevarno blago, tehnično blago in ostalo splošno blago s statusom carinskega, domačega ali trošarinskega blaga. Po potrebi izvedemo tudi dodatne storitve komisioniranja, embaliranja, etiketiranja, razdeljevanja, kompletiranja, uničevanja, zlaganja, nadzorovanja blaga in druga dela. Skladišča imajo vse potrebne certifikate in urejene standarde.
